

Exception

```
classDiagram
    class Exception {
    }
    class qasm_parser_ParsingEOF {
    }
    qasm_parser_ParsingEOF --|> Exception
```

The diagram illustrates a class hierarchy. At the top is a class box labeled 'Exception'. It has a white background and is divided into three horizontal sections by thin gray lines. Below it is a class box for 'qasm_parser.ParsingEOF'. This box has a gray background and is also divided into three horizontal sections by thin black lines. A blue arrow with an open triangular head points from the top section of the 'qasm_parser.ParsingEOF' box to the bottom section of the 'Exception' box, indicating that 'qasm_parser.ParsingEOF' inherits from 'Exception'.

qasm_parser.ParsingEOF
